“ We’ve brought around 35 people from Scarborough Specialties to ASI Show® Dallas and are holding a meeting here to get together and brainstorm, and talk about new products and ideas. It’s so helpful to be at the show and talk to our suppliers to make those one-on-one connections, but also hear how people are using products in different applications. It helps you to come up with new ideas and keep things fresh for your customers. ”

~Liz Cavitt, Scarborough Specialties

“ We are a nationwide company and we have people all over the place, so we always like to come to the ASI Show to bring everyone together. The meeting team has been great, they set us up in our own room and it allows us to do the things that we need to do. ”
